
CAR TOURING IN SCOTLAND

PERTHSHIRE, ANGUS AND KINGDOM OF FIFE

The heartlands of Scotland offer great contrast from the high mountains, tumbling streams and waterfalls of Perthshire to the pristine golf courses, path coastal network and colourful harbours of Fife, with the unspoilt wildness of the Angus Glens in between. The area also boasts some of Scotland's most attractive towns and cities: Perth, standing on one of the finest salmon fishing rivers in the UK, the River Tay; Dundee, rich in the arts and with a vibrant cultural heritage; Pitlochry, a Victorian holiday resort and St. Andrews, home of golf and the seat of the Royal and Ancient.
