

## Attractions

St Andrews is an historic old town which has retained a unique character from the old university buildings, the ancient golf course, the historic castle and the Abbey. Climb the Abbey tower for a wonderful view of St Andrews or crawl through the old siege tunnel under the castle. On top of that it has miles of sand, rock pools for children and is in easy reach of some pretty fishing villages. Further a field is the town of Dundee, the Queen Mother's Family residence at Glamis and Edinburgh.
