There’s an excellent public transport system, which makes exploring this part of the Highlands a joy. The region is large but easily accessible by car and bicycle. You’ll probably encounter single track roads when trying to reach some of the more remote areas of the region.

**By road**

The A96 is the main road between Inverness and Nairn, while the A82 runs from Inverness down the side of Loch Ness.

The A862 takes you from Inverness to Beauly.

Some of the minor roads in the region are single track; use the passing places to carry on safely.

Further details on driving safely around Scotland can be found at www.visitscotland.com/about/practical-information/driving-in-scotland/
**PRACTICAL INFORMATION**

**FIOSRACHADH FEUMAIL**

Businesses within these sections are listed in alphabetical order by business location then by business name. Each entry has a map reference (see example) rating to the map which appears at the back of this guide. Most entries have a postcode which can be used to pinpoint locations but it is always wise to check the actual location before making your journey.

**SAMPLE ENTRY**

**Location**

‘By’ designates that a property is within 10 miles of this location. Mileage in brackets after the location indicates the distance from the named location.

**Name of business**

**Contact details**

**Business description**

**Quality award**

Where a Quality Assurance award has been included on an entry, the business has been graded by VisitScotland and provides assurances on quality and standards. Further information on page 23 of this guide. Quality Assurance awards are correct as at January 2020.

**Pricing**

Prices shown in entries for admission, services and facilities are provided by the advertisers. Please note that prices are for your guidance only and include VAT where applicable (VAT as at December 2019). It is always advisable to check cost prior to booking.

**Booking**

Accepting a booking by telephone or in writing means you have entered into a legally binding contract with the proprietor of the establishment. If you cancel or fail to turn up, for whatever reason, the proprietor has the right to ask you for compensation. You should always check the cancellation terms in advance and, if you must cancel a booking, advise the business immediately. Online bookings are also subject to terms and conditions, please check directly with the proprietor of the business.

Insurance and cancellations

Should you have to cancel for whatever reason, it is reassuring to know that you can be insured against any compensation claim. It is advisable to take out cancellation insurance prior to your trip.

**Accessibility**

Whether you want a cosmopolitan city break or a relaxing holiday in the countryside, you’ll find a great range of accessible accommodation, attractions, things to see and do and transport. You can stay in a bustling city centre, with great access-friendly attractions right on your doorstep, or out in the countryside, where you can enjoy accessible walks or trips to the beach. For more information go to [www.visitscotland.com/holidays-breaks/accessible](http://www.visitscotland.com/holidays-breaks/accessible). Also go to [www.euansguide.com](http://www.euansguide.com) for information on businesses throughout Scotland with good access reviews from disabled people, their family and friends.

Businesses with the logo (below) on their [www.visitscotland.com](http://www.visitscotland.com) entries have their own Accessibility Guide which will include information on their facilities such as onsite restaurants, free WiFi, hearing loop, level access and accessible parking or drop off points. It is always advisable to check the businesses own website for this information, which will be highlighted by this symbol ().

Dogs are welcome to this establishment, on the understanding that they are on their leash and are kept under control. You may have to check with each establishment whether there are restricted areas for your dog.

**Refreshments available**

Café or refreshments are available at this business. Please check prior to visiting if you have particular requirements.

**WiFi available**

Guest WiFi access is available at this location.

**Wild camping**

Wild camping is legal in Scotland but there are guidelines that all campers should follow. Please camp responsibly, in particular avoid overcrowding by moving on to another location if it’s already a busy spot. Wherever possible, use a stove rather than an open fire. Never light an open fire during dry periods or in sensitive places like forests or peaty ground. Take away your rubbish and consider picking up other litter as well. If in doubt, ask the landowner. Their advice just might help you find a better camping spot. For further information see the Scottish Outdoor Access Code: [www.outdooraccess-scotland.scot/practical-guide-all/camping](http://www.outdooraccess-scotland.scot/practical-guide-all/camping)

**Smoking**

Scotland’s indoor public places, including pubs, restaurants and cafes are smoke-free by law, creating a healthier and fresher environment for residents and visitors to our beautiful country.

**Drinking and driving**

Scotland’s drink drive limit is 50 mg (of alcohol per 100 ml of blood). The Scottish Government recommends the best approach is to have no alcohol at all, if you are intending to get behind a wheel in Scotland.

Picturesque Fort Augustus lies at the southern end of Loch Ness in a landscape full of mystery and grandeur. It is a key destination on the Caledonian Canal, linking the region’s great lochs between Inverness and Fort William with magnificent scenery all around.

The Caledonian Canal Visitor Centre, next to an impressive flight of locks, is one of Fort Augustus’s most fascinating attractions, along with the Clansman Centre which takes visitors on a journey through Highland history.

There is a shop specialising in Celtic and locally produced crafts, a Scottish armoury and a recreated interior of a Highland turf house where an authentically dressed clansman brings the past to life.

Fort Augustus was originally known as Kilchuimen until it was renamed in honour of William Augustus, Duke of Cumberland, when it became a garrison town following the Jacobite risings.
The Castle of Mey is situated on the North coast of Caithness just off the A836 between Thurso and John o’ Groats. For further details please telephone 01847 851473 or www.castleofmey.org.uk
