By road
In the North Highlands, the A9 runs all the way from Inverness to Thurso on the north coast. West coast locations, such as Ullapool, Gairloch and Lochcarron, are easily reached by road from Inverness. You can drive around the coastline or cut through the heart of Sutherland and enjoy the magnificent scenery along the way.

If travelling by car be aware of wildlife crossing at certain times of year and take care when driving on single track roads.

For further details about driving safely in Scotland, visit www.visitscotland.com/about/practical-information/driving-in-scotland/

The North Highlands boasts some of the most magnificent scenery in Europe from wild mountains and lochs to secluded coves and bustling towns. Follow the North and West Highlands National Tourist Route of 158 miles (254 km) between Ullapool and John O’Groats. Or why not go further across the region and follow the North Coast 500, a breathtaking circular route beginning and ending in Inverness. It’s Scotland’s answer to Route 66 and incorporates fairytale castles, hidden trails and more. For more information, visit www.visitscotland.com/see-do/tours/driving-road-trips/

By bus
Stagecoach operates a range of bus routes throughout the Highlands and Scottish Citylink operates the main west coast link to Ullapool. From Inverness you can travel to Scrabster on the north coast and Ullapool and Kyle of Lochalsh on the west coast.

Several smaller bus operators serve areas within the North Highlands, allowing you to reach most places. For further information, visit www.stagecoachbus.com, www.citylink.co.uk

By rail
Scotrail (Abellio) serves the North Highlands with regular train services from Inverness to Thurso and Wick (with stops including Tain, Golspie and Brora) and from Inverness to Kyle of Lochalsh (with a stop at Achnasheen). For more information, visit www.scotrail.co.uk

By foot or bicycle
You can explore the beautiful scenery of the North Highlands by foot or bicycle. There are many walking and cycle routes throughout the area including National Cycle Network Route 1 which links Inverness to John O’Groats. You’ll find designated cycle spaces on all ScotRail trains.

Where you can’t book a spot, spaces are given on a first come first served basis. Where you can’t book a spot, spaces are given on a first come first served basis. PRACTICAL INFORMATION

The listings within this guide have been split into the following sections:
• Places to visit
• Leisure activities
• Shopping
• Food & drink

Businesses within these sections are listed in alphabetical order by business location then by business name. Each entry has a map reference (see example) rating to the map which appears at the back of this guide. Most entries have a postcode which can be used to pinpoint locations but it is always wise to check the actual location before making your journey.

• Tours
• Transport
• Accommodation

Insurance and cancellations
Should you have to cancel for whatever reason, it is reassuring to know that you can be insured against any compensation claim. It is advisable to take out cancellation insurance prior to your trip.

Accessibility
Whether you want a cosmopolitan city break or a relaxing holiday in the countryside, you’ll find a great range of accessible accommodation, attractions, things to see and do and transport. You can stay in a bustling city centre, with great access-friendly attractions right on your doorstep, or out in the countryside, where you can enjoy accessible walks or trips to the beach. For more information go to www.visitscotland.com/holidays-breaks/accessible. Also go to www.euanseguide.com for information on businesses throughout Scotland with good access reviews from disabled people, their family and friends.

Businesses with the logo (below) on their www.visitscotland.com entries have their own Accessibility Guide which will include information on their facilities such as onsite restaurants, free WiFi, hearing loop, level access and accessible parking or drop off points. It is always advisable to check the businesses own website for this information, which will be highlighted by this symbol (•).

Family fun*
There is a wealth of things to see and do that will keep smiles on faces all day. Businesses that are particularly suitable for children can highlight this within their entries.

Dogs welcome*
Dogs are welcome to this establishment, on the understanding that they are on their leash and are kept under control. You may have to check with each establishment whether there are restricted areas for your dog.

Refreshments available*
Café or refreshments are available at this business. Please check prior to visiting if you have particular requirements.

WiFi available*
Guest WiFi access is available at this location.

Wild camping
Wild camping is legal in Scotland but there are guidelines that all campers should follow. Please camp responsibly, in particular avoid overcrowding by moving on to another location if it’s already a busy spot. Wherever possible, use a stove rather than an open fire. Never light an open fire during dry periods or in sensitive places like forests or peaty ground. Take away your rubbish and consider picking up other litter as well. If in doubt, ask the landowner. Their advice just might help you find a better camping spot. For further information see the Scottish Outdoor Access Code: www.outdooraccess-scotland.scot/practical-guide-all/camping

Take extra care and follow any local advice when parking cars or campervans. Please note, responsible access rights within the Scottish Outdoor Access Code do not extend to motorised transport. If you are planning to travel in a motorhome or campervan check with the landowner before you stop or book a pitch in a nearby camping park. Across the length and breadth of Scotland there are some really fantastic camping parks in stunning locations, from beachside crofts to wooded areas lined with ancient pines. By pitching up at a proper campsite, you’ll help ensure our natural environments and their often fragile ecosystems remain intact.

Smoking
Scotland’s indoor public places, including pubs, restaurants and cafes are smoke-free by law, creating a healthier and fresher environment for residents and visitors to our beautiful country.

Drinking and driving
Scotland’s drink drive limit is 50 mg (of alcohol per 100 ml of blood). The Scottish Government recommends the best approach is to have no alcohol at all, if you are intending to get behind a wheel in Scotland.

*Denotes that these symbols establishments have selected to include in their entries, they are not verified by VisitScotland and all facilities should be checked prior to arrival.

**Becca Mac**

is a modern ladies and gents fashion boutique. Offering a wide range of women’s and men’s clothing alongside gifts and accessories. However, after working on a year placement at home for her third year she realised she didn’t like the idea of having to move down to London once she graduated in order to get a good job in the fashion industry.

This is when the idea of Becca Mac arose. Becca and her fellow business partner and mum, Cathy noticed a gap in the market. There isn’t a modern fashion orientated clothing store within a 30-mile radius of Dornoch and so they took this as their mission to make a one stop fashion destination.

Set in the idyllic village of Dunnet, situated 4 miles from the mainland’s most northerly point Dunnet Head. Blessed with an enchanted forest, nostalgic Dwarwick pier and a sweeping white sandy beach stretching for over 2 miles. The bay offers great opportunities to paddle, swim, surf, indulge in other beach sports and if it’s warm even soak up some rays.
